

BIOSPEC

SPECIFIC BIOLOGICAL FORMULAS

Probiotic-5

High Potency, Multi-Strain Probiotic, Stabilized at 5 Billion Organisms per Capsule

Named for its five specialized strains and 5 billion CFUs, Probiotic-5 is a mainstay in the BioSpec 'Signature Series' line; continuing a tradition of efficacy supported by patients and practitioners.

- **Lactobacillus Rhamnosis GG** – One of the most widely used probiotic strains; well-documented prevention and treatment of gastro-intestinal infections and diarrhea, and stimulation of immune responses against allergic symptoms.*
- **Lactobacillus Plantarum 299V** – Strong evidence for reducing cholesterol, improving symptoms of irritable bowel syndrome, and enhancing iron absorption.*
- **Bifidobacterium Longum** – Elicits anti-inflammatory properties that protect the mucus membranes from toxins, while supporting immune cell activity.*
- **Lactobacillus Salivarlus** – Works to maintain bacteria balance in the small intestine; enhances immune function; and promotes dental health.*
- **Lactobacillus Sporogenes** – A very stable probiotic strain that supports bacteria balance and aids in digestion.*

NEW Probiotic-15

High Potency, Multi-Strain Probiotic, Stabilized at 15 Billion Organisms per Capsule

Named for its 15 billion CFUs, BioSpec's Probiotic-15 is a proprietary blend of 4 specific strains clinically proven to:

- **Reduce occasional digestive discomfort and support immune health.***
- **Normalize bowel habits and expedite recovery from occasional constipation.***
- **Aid in the healthy digestion of lactose.***

Additionally, human research has continuously supported strains of *L. Acidophilus* and *Bifidobacterium* for their lipid normalizing effects, especially for reducing Total Cholesterol (TC) and Low-density Lipoprotein Cholesterol (LDL-C).*

When taken together, *Probiotic-5* and *Probiotic-15* contribute to a more diverse, complete, and healthful microbiome; an ideal combination of essential probiotic species!*

Manufactured in the USA under strict cGMP guidelines

Probiotic - 5

High Potency, Multi-Strain Probiotic Stabilized at 5 Billion Organisms per Capsule

DIRECTIONS: As a nutritional supplement, 1 or 2 capsules daily with unchilled water 30 minutes after eating. Capsules may also be opened and added to water or food.

Probiotic - 5 is safe for infants and children. Consult your Healthcare Professional for further directions or recommendations. For maximum shelf life and potency, please store in a cool, dry place with cap tightly closed. Refrigerate After Opening.
